

# Gala Event

---

It's a very formal event. Eighty-eight guests have been invited and everyone has a seat at a particular table. Some guests have already taken their seats! Unfortunately, the table names have been strewn all over the floor. Can you put the table names on the correct tables? Once you do, seat everyone alphabetically clockwise from North.

## GUEST LIST

Acers	Chilly	Eat	<b>Hades</b>	<b>Marine</b>	Plumb	Shave
